Glassroom On Wheels For Area Mechanics

A unique "classroom on wheels" is in operation in Grayling this week. Located on the grounds of a Tuff Distributing Company, the classroom started a two-day session on Monday of this week and will continue through Tuesday.

Mechanics from a large area of northern Michigan are taking advantage of the two-day sessions. The sessions start at 1 p. m. each afternoon, the other at 7 p. m. in the evening.

A fleet of classrooms on wheels now brings top-flight professional training to automotive mechanics right in their own home towns. Students are taught to service alternators, generators, voltage regulators, distributors and carburetors by down-to-earth, do it yourself methods.

While many mechanics recognize the need for up-to-date training to service today's more complex cars, it is usually impractical to leave their places of business to attend a training center. A training program in mobile form is the answer provided by The Zehlin Manufacturing Co., of Crawford County, leading producer of Ignition Switches and Carburetors.

The Zehlin classroom on wheels is entirely self-contained, and air conditioned, heated and equipped as complete tune-up training schools. They have built-in projection equipment, blackboards and many other visual aids. Individual work benches for each student provide all the hand tools needed to work on the various units covered in the instruction course. Components furnished to each student for disassembly and assembly include: alternators, generators, regulators and carburetors.

Modern testing equipment is used to diagnose, adjust and check the performance of components under simulated operating conditions.

Crawford County Recreational Activities

Late spring trout fishing hit a high peak this week on all branches of the AuSable River. Even with cold temperatures, hatches of early Stones, Beaverkill, Small Darters, and Duns came strong. If warmer temperatures prevail this week, sports fishing on quality sections of AuSable system should reach the peak. Upper Manistee River, Big Rock East Branch, and lower AuSable produced good trout fishing for spin-casters and bait fishermen.

If warm temperatures in Crawford County also produced good fishing, Jones Lake, Lake Lake, and Kneff Lake are best producers.

With warm temperatures this week, many hunters should have good picking. Try the hilly hardwood and poplar areas of the county.

All shooting trails in Crawford County are open and stream levels are normal. With warm weather, mosquitoes and "no see ums" will be out, so bring along the insect repellents and sun burn cream.

Migratory birds have reached their peak and bird watchers have a chance for excellent observation as foliage has not yet appeared.

WARNING

The Army and Air National Guard will be doing air to ground bombing in the Artillery Range north of County Rd. 612 and south of the North Branch of the AuSable River, each Thursday.

WHEREAS, it appears that this event sponsored by the Grayling Jaycees, should instill in the minds of our youth from nine to 19, the importance of physical fitness;

A. J. Sorenson, Mayor of Grayling.

Poppy News

Lest We Forget, Wear a Poppy to Remember.

Remember today in gratefulness for a brighter Tomorrow.

Poppy Day observance was established shortly after World War I and has grown to be our most cherished tradition. Poppies that will be sold by the Grayling Legion Auxiliary on May 25, 26, 27 have been crafted by disabled veterans and the contribution made by generous Americans on Poppy Days are used exclusively to aid disabled veterans and the widows and children of our war dead.

Wearing a poppy distinguishes any American as one who remembers the great price paid for all the blessed freedom we are enjoying in our time. The American Legion Auxiliary members all over the United States provide the materials that the veterans use for making the small red flowers and all work in connection with the annual event is on a volunteer basis.

More than one-half billion poppies have been distributed by the American Legion Auxiliary workers throughout the United States in four decades.

So be a Buddy — Buy and Wear a Poppy.

M. M. Balch, Poppy Chrm.

We Did It, She Didn't

Ooops, we slipped up! Barbara's innocent. The amount of \$30 received from Organizations in Lovell Township should be added to the breakdown of the Cancer Fund Drive report which was published in last week's paper.

A comparison of the breakdown total against the grand total of \$2,226.41 shows the \$30 amount to have been included in the grand total last week.

Free Methodist Church

Sunday night, May 21st, at 7:30 p. m. at the Free Methodist Church the film "Eastern Harvest" will be shown. An unusual feature of the film shows Missionary Jake De Shazer of Japan, former Doolittle flyer, interviewing his former prison guard and a kamikaze pilot who accepted Christ.

G. H. S. Gym, May 18-19-20

On closing night on Broadway, Sept. 29, 1962, "My Fair Lady" generally conceded to be the greatest musical comedy hit in theatrical history, set two records unlikely to be challenged in our time. Its run of 2,717 performances is the longest ever racked up by a musical on either side of the Atlantic. The London champ was "Salad Days" with 2,283 performances. The New York boxoffice take of "My Fair Lady" in the amount of \$20,257,000.00 exceeds by almost \$5,000,000.00 the combined grosses of "Oklahoma" & "South Pacific".

Since 1866 only fourteen song-and-dance shows have racked up as many as 1,000 consecutive performances in New York. None of these save "My Fair Lady" took in as much as \$10,000,000.00.

Roughly 3,750,000 people, including 65,000 standees at \$3.45 a person saw "My Fair Lady" in New York. A greater number saw the national company which combed the continent from March 1957 until December 1963. In 1960 this company took time out to take the show to Moscow and the Soviet Union with the blessings of the State Department. The proceeds from the traveling company throughout the world comes to over \$40,000,000.00.

On Thursday, Friday and Saturday, this great show will come to life again right here in Grayling. The evenings of May 18, 19 and 20 have been set aside by the Fine Arts Department as the evenings of this year's musical which is "My Fair Lady".

Lead roles of this show will be Mike Worden, Vicki Wells, Doug Wilson and Bill Kraus. Tickets are on sale at the Grayling Pharmacy and will remain there until 6 p. m. the respective nights of the show, when they will be transferred to the box office at the Grayling High School Gym. The box office will be open at 6:00 p. m.; doors open at 7:15 and the show beginning promptly at 8:00 p. m.

All seats are reserved, so the earlier you get your ticket, the better seat you will have.

People attending the local performance of "My Fair Lady" are requested to have their cars pulled up to the Ottawa Street entrance to the gym, where doormen will assist ladies embarking from automobiles and escort them to the theatre entrance. Assistance will also be given to drivers seeking a place to park.

So, why don't you plan on spending one of these three evenings at the theatre and see the musical comedy acclaimed to be the greatest musical ever written. Make up a theatre party, order your tickets and spend a most enjoyable evening with "My Fair Lady".

Summer Thoughts . . .

The warming sun and the breezes of spring herald the coming of another summer season. For a large percentage of our population—our young people—the coming summer means just one thing, the end of school. Very student, whether this summer means lazy days at the old swimming hole, a summer job, baseball in the school yard or the beginning of a career, should keep in mind one thing about the world around him—it is changing more quickly than we can imagine. Academic training can give an invaluable store of knowledge of our history and our heritage, of human relations, of technical matters with concrete commercial value. It can give preparation to meet the world as it exists on the day of graduation. But the day after, the week after, the year after, new knowledge, new reactions, new circumstances will pile up. The summer season may mark the end of school days for three months or for the rest of a person's life, but it does not mark an end to his need for learning and growing in order to keep up with and contribute to the fast paced world around us. So, find the fun of summer, let it bring exhilaration, refreshment and the perception to find knowledge and understanding in the blooming of a buttercup and the lame of a sunrise as well as in the schoolroom, library or laboratory. Successful living must be based on a constant enlargement of all kinds of knowledge.

County Grade Students Take Conservation Tour

The fifth- and sixth-grades of Frederic, Grayling and St. Mary's schools were taken on St. Mary's conservation tour last Wednesday arranged by Willard Bosserman, county National Resource Agent. The 261 students were loaded in to four buses. Four different stops were made with a different bus load of students at each stop.

The first spot visited was a deer browse area near Frederic where examples of over browsing in the winter yarding areas was viewed. The students saw where members of the conservation department had cut trees to bring feed within the reach of the deer. This stop was explained by Ralph Anderson, game biologist.

The second stop was made at an aspen logging operation west of Animal Land where the young people saw examples of tree cutting and learned how to tell a mature tree and were shown how the trees become hollow when allowed to grow too big. New growth that occurs within a year after cutting was shown and tree planting was explained by Bill Tarr, area forester and Leon Erbe, assistant area forester.

Lunch was served at the Higgins Lake State Park where Earl Cronin, park supervisor, informed them of the operations of such parks and took them on a tour of the new part of the park where 100 new camp sites have been built, though not as yet open to the public.

The pike spawning area at the west end of Houghton Lake was stop number three where Russ Lincoln, fish biologist showed them the pike spawning and duck nesting marsh, also small pike some

10 days and some 20 days old. They noted the development of the fish in this short length of time and the kind of food fed to the little fish. They were then taken to the source of Beaver Creek where years ago people used the swamp area for a dump, causing pollution to the creek as a result. Mr. Bosserman explained to them what the conservation department is doing to try and overcome this problem and reestablish the creek as a good water source.

This was the second annual tour of this type.

Upper right: Mike Sturdivant shows Chairman Tom and Mr. Paul Aumiller, principal of Frederic School, the form and distance he hopes will bring a first place to him. RATT - SCHMIDT EXCHANGE

By Mrs. Abbie Madill

The marriage of Miss Bonnie Gail Pratt, daughter of Mr. and Mrs. Jess Pratt of Frederic, to Mr. Frank Schmidt, Jr., son of Mr. Frank Schmidt, Sr., and the late Mrs. Schmidt of K. P. Lake, was solemnized in a 5 o'clock ceremony on Saturday, April 29, 1967 at the Michelson Memorial Methodist Church in Grayling by the Reverend Charles Kolb in a setting of pink and white glads before some two hundred guests. Vocalists were Howard Schmidt and Marie Langlois of Detroit, accompanied at the organ by Mrs. Arthur Feldhauser. Their selections were "Because", and "I Love You Truly".

The bride approached the altar on her father's arm, gowning in a floorlength dress, the very full skirt with lace-edged ruffles across the front, the strapless bodice covered with lace fashioned in a Sabrina neckline and wrist-length sleeves. She carried a cascade of white carnations and pink rosebuds.

Attending the bride were Mrs. Clem Sajdak, matron of honor; Janis Johnson of Gaylord and Joan Pratt as bridesmaids. They were attired in floorlength aqua gowns overlaid with white lace ending in a train. They wore aqua veils, and carried bouquets of carnations and lace in white and pink.

Harold Golinick served as best man to the groom. Dewain Hamblin and Ronald Larson served as groomsmen, and Carl Golinick, James McClain and Larry McNamara acted as the ring bearers.

Mrs. Pratt chose a pale blue suit with an orchid corsage for her daughter's wedding.

A reception was held at the Frederic Town Hall Saturday evening. Decorations were of white crepe paper and pastel flowers, artistically done by Dianne Phillips. The five-tiered wedding cake was made by Bea Tobin and decorated by Martha Petersen. The happy couple left Saturday evening for a honeymoon to the upper peninsula and into Wisconsin, returning by boat across Lake Michigan and arriving home May 4th. For her going away attire the new Mrs. Schmidt chose a pale blue paisley print suit. She is a graduate of Frederic High School, as is her husband. They are making their home at 607 Michigan Avenue.

Out of town guests included the Walter Deckers of Berville, the T. E. Haddads of Mt. Pleasant, Mrs. Alice Pratt and daughter, Mr. and Mrs. Ken Pratt and family, Mr. and Mrs. Ray Pratt, Mr. and Mrs. Gary Pratt, all of Saginaw, Miss Susie Koerke and Mrs. April Somes of Ann Arbor, Mr. and Mrs. John Cross, the Robert Finebergs and Mr. and Mrs. Harry Simmers, all of Flint, Mr. and Mrs. Bruce Fleet and family of Mancelona, Mrs. Edna Gaborath of Farmington, Mrs. Doris Moore of Wixom, and Mr. and Mrs. James Petersen of Marcellus.

COMMITTEE REPORTS
Finance and settlement, by Murphy. Reading of Financial statement of county.

Resolutions, by Miller, several resolutions were read. Moved by Papenfus and supported by DeWitt that we adopt the following resolutions.

It is recommended that the Crawford County Board of Supervisors go on record opposing Senate Bill No. 745, because, a state authority should not have the arbitrary authority to change school districts without a vote of the people concerned.

Also recommended that copies of this Resolution be sent to our Legislature.

It is recommended that the Crawford County Board of Supervisors go on record opposing House Bill No. 2276 which would provide additional sums for school aid by a property tax levied by the State.

Further we recommend that copies of this Resolution be sent to Hon. George Romney, and our Legislature.

Roll called, all Yea. Motion carried.

Moved by DeWitt and supported by Miller that we adopt the following Resolution:

WHEREAS, for many years the care of the tuberculosis patient was accepted by both County and State as being equally responsible.

AND WHEREAS, the bills for the care of the tuberculosis patients were paid by the counties and the state would remit back to the county half of the bill as its share.

AND WHEREAS, during the last few years the cost of the tuberculosis patients' care has been spiraling upward.

AND WHEREAS, the major portion of every increase in costs is being borne more and more by the counties, until now the State is bearing less than one-third of these costs.

AND WHEREAS, last year the Legislature did see fit to increase the State's portion \$1.50 per diem after the costs for sanatorium care had increased to upwards of almost \$20 per diem, thus making the State's allowance per diem \$8.00 leaving \$14.00 per diem for the counties to bear.

AND WHEREAS, we feel that the State's responsibility is equally as great today as it was when the State accepted equal responsibility with the county.

NOW, THEREFORE, BE IT RESOLVED, that the Crawford County Board of Supervisors goes on record as requesting that the State return to its former policy of refunding to the counties at least 50% of the costs the counties have paid for the care of the tuberculosis patients.

AND BE IT FURTHER RESOLVED, that a copy of this resolution be spread upon the minutes of this meeting, and that copies also be sent Honorable Governor of the State, our Representatives and Senator of this district.

\$106,000 For Medicines In County

(Special to the Avalanche)

NEW YORK — It's not only for the good things in life that Crawford County residents are spending more money at the present time. They are also spending more for medicines—a total of \$106,000 a year.

And the reason is not only that drugs cost more nowadays. Much of the increase, believe it or not, is attributed to the fact that local people have more to spend, on average, than they did a few years ago.

It is all quite understandable, according to a new government study. It shows that people with more money at their command spend more for ointments, laxatives and other non-prescription drugs than do those with less money.

The report, just released by the National Center for Health Statistics, a division of the Public Health Service, is based on interviews with 134,000 persons throughout the country.

Among those in Crawford County's geographic region, the amount spent for medicines averages \$20.30 per person annually.

Of this sum, an estimated \$15.00 per year is for medicines obtained on written prescriptions from physicians.

The rest of it goes for drugs and medications that are available without prescription, such as nose drops, liniments, pain relievers, vitamins and tonics.

On the basis of the government's sampling survey, the total expenditure for medicines by Crawford County residents is estimated at \$106,000 a year.

The American people as a whole are spending more than \$4 billion a year in that direction, or about \$21 per person, the report states.

AuSable Swingers Swing Out

The Grayling Elementary School Gym echoed to the music and laughter of the AuSable Swingers and guests, numbering 48 couples, Saturday night, May 13. There were guests from Gladwin, Dearborn, Gaylord, Houghton Lake and Muskegon. The Hi-Nabors Club from Muskegon came, 21 couples strong, to earn their Knot-head pin. They came in campers, tents and trailers to spend the night at the park at McIntyre's Landing.

At a short business meeting after coffee and sandwiches our club voted to accept the by-laws as they were set up, and also that each member should bring sandwiches and cake, cookies or anything else to go with coffee after the dance, to eliminate special committees. Our president, Chuck Pick, presented the Hi-Nabors club with a pennant red felt, lace trimmed, petti-pants, marked with our name, to take home as a memento of their visit here. A mixer dance and door prizes highlighted the evening. Next dance, June 3rd, 8 to 11.
